**2010 CEV Women's Junior European Championship  
Small Countries Division – Final Round in  
Luxembourg  
Foreword by CEV President Mr. André Meyer**

Ladies and gentlemen,  
Dear athletes and Volleyball fans,

The 2010 CEV Junior European Championships started off this past January in Denmark with a first round for both boys and girls and some of the most promising Volleyball talents coming up in the so-called "Old Continent" are currently testing out their likes in a flurry of tournaments that are being staged basically all across Europe.

I am very pleased that the Grand Duchy of Luxembourg and namely the local Volleyball Federation accepted the honor and also the responsibility of staging the competition specifically conceived for the so-called Small Countries Division. Luxembourg is steadily turning out to be the real "home" of such tournaments, exploiting also the majestic facilities of d'Coque to provide even very young Volleyball players with first-class conditions for the international debut with their respective national teams.

A couple of years ago Luxembourg seized gold in Liechtenstein with the precious contribution of Denitza Krivova, who passed away only a couple of weeks later in a tragic car accident. I really hope that this tournament will serve as another chance to pay tribute to her memory and recall her legacy; in spite of her young age Denitza was already fully committed to Volleyball and I feel this dedication and devotion may certainly stand as a good reference for all players competing in this event and for their future careers.

Finally I would like to express my deepest gratitude to the local Volleyball Federation for having devoted so many valuable efforts to stage this event and having been ready to welcome and host all participating teams along with their officials, coaches etc.

Wish you the very best of luck and a fair play,

Mr. André Meyer  
CEV President
